1. Policy Statement

1.1. Oregon State University (“university”) is committed to providing a safe environment for everyone on its campuses and in its programs. This includes the thousands of minors who participate in programs and activities both on and off campus. Members of the university community who interact with minors in any official capacity are expected to foster and maintain an appropriate and secure environment for minors.

1.2. To support the safety of minors, this policy outlines what is required of administrators, faculty, staff, students, and volunteers who engage in programs or activities involving minors (hereafter, “youth programs”), and establishes the following requirements for youth programs affiliated with or supported by the university:

1.2.1. All youth programs and associated personnel must be registered with the Office of Youth Safety & Compliance.

1.2.2. Certain individuals are subject to background checks before engaging in youth programs and at regular intervals thereafter.

1.2.3. Colleges and units operating or hosting youth programs must ensure that all youth program personnel complete appropriate training.

1.2.4. Before engaging in youth programs, all youth program personnel must review Standards of Behavior.

1.3. Pursuant to the Oregon child abuse reporting statutes, all university employees, regardless of their affiliation with or involvement in youth programs, must follow mandatory reporting procedures if they have reasonable cause to suspect child abuse or neglect.

2. Reason for Policy

2.1. This policy is intended to promote the safety of all minors who participate in university-operated programs, as well as programs hosted by the university but
operated by outside entities. This policy also supports compliance with federal laws, including Title IX, Clery Act, as well as state laws, including mandatory reporting of child abuse.

2.1.1. In the event there is a conflict between a separate state or federal law or to the extent that state or federal laws already regulate an activity, the state or federal law supersedes this policy.

3. **Scope & Audience**

3.1. This policy applies to those employees (regular, temporary, and student employees) and volunteers who interact with minors in their capacity as a representative of the university.

3.2. In addition, this policy obligates university employees to contractually require non-university entities, individuals or third parties operating youth programs on university property to follow standards that meet or exceed those set forth for university youth programs.

3.3. Policy requirements of program registration, criminal history checks, training and *Standards of Behavior* apply to any university-operated or university-hosted program that involves minors. This includes but is not limited to:

3.3.1. Activities and programs with minors that take place on university-owned or controlled property, such as overnight camps, childcare, instructional programs, day camps, academic camps, recreation camps/clinics and athletic camps.

3.3.2. Activities and programs with minors that engage university representatives in an official capacity, but which take place off campus, such as outreach, 4-H events and community service activities.

3.3.3. Internships and volunteer opportunities involving minors that operate outside of a structured youth program or activity (e.g., to job shadow or intern in a laboratory).

3.4. The following are not considered youth programs under this policy but remain subject to this policy’s One-on-One Interactions provision, Sec. 5.1, and other laws, university policies and standards, and procedures, including but not limited to mandatory child abuse reporting:

3.4.1. Events open to the public that are not specifically intended for a youth audience, but which minors may attend, and during which parents or guardians are expected to be responsible for the direct supervision of the minors at all times.

3.4.2. Employment of minors who are working for the university, when the minors are not also participants in a youth program.
3.4.3. Activities and programs in which minors are serving exclusively as subjects in research that has been approved by the Human Research Protection Program and Institutional Review Board (IRB), and when the minors are not also participants in a youth program.

3.4.4. Undergraduate or graduate academic degree programs, classes or activities where all individuals under the age of 18 are enrolled for academic credit or have been accepted for enrollment.

3.4.5. Activities and programs that have been granted an exception from part or all of the policy in advance of the program taking place, as described in Sec. 5.10.

4.10. **Supervised adult:** An individual age 18 or older who serves in a program with minors who are under the direct supervision of an authorized adult. Supervised adults do not have unsupervised contact with a minor, meaning an authorized adult is physically present at all times.

4.11. **Support personnel:** Individuals who support operations or administrative functions, but who have no direct access to minors in the context of a youth program.

4.12. **University-hosted youth program:** Any event or activity that meets the following criteria: (1) Involves minors who are unaccompanied by their parent or guardian; (2) Is operated by a third-party contractor, consultant, vendor, student-run organization or other non-university entity or individual, including a member of the university

This provision applies to OSU employees regardless of their involvement in youth programs.
